The relatively better bridge is produced and delivered. The game is produced and released by Philippine Studios Monstrous Inc. Once this game is released, HackDI led it for the first time in Iran and has the usual and fashionable version of it in front of you. Potion Punch 2 Mod Apk is a cooking and management game, but its style and style are completely different from what you've ever seen! In this game, you won't cook delicious dishes like restaurant and cooking games, but you will cook and serve special and fantasy food and exotic potions! The game takes place in a complete fantasy world and probably in a land of antiquity. Because everything in this game is fantasy and fantasy. In this fascinating world that lives with humans, legendary creatures like the Goblins, dragons and other similar creatures. Potion Punch 2 Mod Apk Fantasy Cooking Adventures also has an interesting story. You play the role of a young girl named Lyra who is determined to become an alchemist. After Master Lyra he decides to go a long way to disable this spell and heal his master and learn how to make an antidote to the problem. This is how a fun adventure begins! Lyra decides to set up shop and restaurant in different locations to make money by selling her products customers so that they can continue their journey. Potion Punch 2 MOD Unlimited Money apkPotion Punch 2 Mod Apk you need to help Lyra to be proud of this adventure. You should set up and manage a store or restaurant and prepare the products you need as soon as possible. In the restaurant area, as in other similar games, you have a table in front of you, with customers standing behind you and telling you their orders. Now you need to quickly prepare and manage these jobs. The faster you prepare these orders, the more customer satisfaction you get and the more money you get. But if you delay this, customer satisfaction will be reduced and you will get fewer points and money. Depending on the type, you can use small dragon fires to cook your meals or make delicious and special potions by mixing different ingredients! Potion Punch 2: Fantasy Cooking Adventures Mod Apk also has a complete and interesting section on management and customization. You can customize and customize your restaurant or shop to your liking with the help of a variety of items. You can also help your business become more attractive by upgrading different sectors to attract more and more loyal customers. In the other part you can also have a big and happy celebration by starting a party for festive customers! But watch out for threats like enemies like banana goblins! They love to steal and sabotage. They need to be careful with customers because they appear in the hands of customers and steal the money quickly.
